

IBMhq Test Case Execution Report

Test Case Name:Generate Proposal

Requirement Name: CX CPQ

Execution Start Time:2020-09-13 16-01-30

TOTAL STEPS	STEPS PASSED	STEPS FAILED	OVERALL STATUS	DEFECT LIST
11	10	1	Fail	1

Step No:1

Step Description: Wait for document to generate

Expected Result: waited for document to generate

Actual Result: Expected condition failed: waiting for presence of element located by:
By.xpath: //a[contains(@id,'contractDocument-link')] (tried for 60 second(s) with 500 milliseconds interval)

Status: Fail

The screenshot displays the 'icumedical human connections' web application interface. At the top, there is a navigation bar with the company logo and several icons. Below this, a 'Transaction' header is followed by a row of buttons: Save, Submit, Cancel Transaction, Update Opportunity, Return to Sales Cloud, Add Products, Delete Transaction, and Pipeline Viewer. The main content area is divided into two tabs: 'Contract Details' (which is active) and 'Troubleshooting and Support Controls'. Under 'Contract Details', there are two sections: 'Contract Info' and 'Contract Documents'. The 'Contract Info' section contains fields for 'Currency' (set to USD), 'Contract Start Date' (11/09/2020), 'Contract Language' (English), and 'Contract End Date' (24/05/2020). The 'Contract Documents' section has a toggle for 'Include Product Literature' and a 'Generate Contract' button. At the bottom, a 'Summary' section shows 'Total (List) \$472.00', 'Total Contract Value \$472.00', and 'Total Discount % 0.0'.
